PROJECTS

Outdoor Trading Co

<https://github.com/lyndsielane/outdoor-trading-co>

<https://gentle-bastion-45496.herokuapp.com/>

An outdoor trading website

This was a group project where I focused on creating the React components, compiling the pages, and some design aspects.

The page utilizes HTML, CSS, JQuery, Express, NodeJS, React, and more

Educational Bank Simulation Application

https://github.com/lyndsielane/Get_Money_Smart

<https://polar-river-76787.herokuapp.com/>

A simulation banking designed for classroom use to give middle-school-aged students an introduction to online banking

This was a group project where I designed the logo and used it to choose a color scheme for the site.

I did the basic page design/layout and worked with the JS and API routes.

The page utilizes HTML, CSS, JQuery, Sequelize, Express, NodeJS, Foundation, Handlebars, Dotenv, and more.
